

INTECH PTO MINUTES

8 December 2006, 1:30-2:30

PRESENT: Alice Carlisle, Diane Francom, Patience Fisher, Susie Ashliman, Steve Zsiray, Leslie Larsen.

\$10 dues approved. Susie will do forms w/ a checklist for volunteers for the upcoming parents meeting. Diane will do a sign for the table. Patience did a reminder sign for the front window.

Any info can be forwarded to Theresa Burch for the school calendar.

Alice reported on her proposal for the study skills class to be offered winter semester. She will be the teacher and because of this position and other personal matters, she is resigning as PTO president. A discussion was held as to who could assume that position.

The Board of Governors will also be needing a new member.

Peer Tutoring is going well. Alice and Patience have done a lot of work to set that up with the faculty. Diane has contacted Ms. Watterson regarding USU students being involved and she has attempted to put that in place. Leslie will contact USU's Engineering dept. Service credit has been offered to the InTech students. Parent supervisors are needed and sign up forms will be available at the Parents meeting.

Alice also reported that it has been proposed that the Early Out day be on Thursdays and not Fridays, w/ field trips and guest speakers scheduled for Thursdays. Lunch break will be cut to 20 minutes and time between classes will be cut to 3 minutes. This will allow for a 6th hour class (Study Skills) and make the math and engineering classes smaller.

Diane offered to do the Agenda for the next PTO meeting and would like any items called (257-5743) or emailed (dianefrancom@cc.usu.edu.com) to her before the NEXT MEETING: FRIDAY JANUARY 12 2007 1:30-2:30 at InTech. It was suggested that these meetings be held during the lunch hour to accommodate more parents' schedules who might want to attend.
